- 2-in-1 vehicle cradle
- RJ45 Ethernet
- Dual USB-A 2.0 OTG
- 9-36 V vehicle power

The CRD1080 is the removable 2-in-1 vehicle cradle for the rugged 10-inch tablet Topicon MDT1080. It serves as a vehicle mount and as a docking station at the workplace.

The back offers an RJ45 Ethernet port, two USB-A 2.0 sockets (OTG) and a USB-C port for charging (5 V/3 A, 9 V/2 A, 12 V/2 A). A switch in the cradle selects whether charging is always on or only with the ignition on.

The cradle cable at the bottom connects the cradle to the vehicle power (9 to 36 V, ignition). With the cable set CAB-865-2RS232 + CAB-EX-RS232 + CAB-BMW-BASIC + CAB-EX-BASIC two serial ports (RS232 plus RS232 or RS485) and 4x GPIO are available, with the basic cable set CAB-1065-BASIC + CAB-BMW-BASIC + CAB-EX-BASIC 1x RS232. The cable set is not included.

Compatible with: Topicon MDT1080
