- AUX adapter !

This AUX/USB Car Adapter delivers CD quality sound directly into car stereo system via CD changer port, without loss of sound quality that occurs with existing cassette and FM transmitter solutions. It is easy to install and use. AUX/USB Car Adapter supports direct control from car stereo panel and multi-function steering wheel. With the included adapter you can use usb sticks and SD/SDHC/MMC cards for MP3/WMA storage. The additional 3.5mm jack AUX input can access to more audio sources, such as CarPC/MP3/PSP/Mobile etc. (without possibility to control)

Features:

- Direct Connection via CD changer Port with CD quality sound
- Control music files from your car radio panel or steering wheel.
- Support USB sticks (up to 32GB)
- Support SD/SDHC/MMC cards (up to 32GB)
- Support 3.5mm jack input
- USB-mode : up to 99 folders, up to 99 files per folder
- USB-mode : Auto-Resume
- Build-in high quality MP3/WMA decoder
- Build-in Amplifier chips
- No signal interfere, No battery required

- Smart design and Easy to install and use
